## EXPERIENCE

### PENSIVE | ENGINEER

January 2022 - July 2023 | Jaipur

- Solely responsible for building and maintaining the entire web front-end for the ERP platform using Reactjs and ultimately in charge of building and maintaining the backend as well. I wrote the first lines of code for the web app, chose the library, and did everything else.
- Handled complex UI logics like infinite scroll with and without data mutations, single form element for multiple forms, data handling for 2-D Forms, and circular date table and etc, used charting libraries to build a dashboard for analyses.
- Did code reviews using Git Lens
- Helped Recruiting and managing a four-person tech team.
- Implemented customer input and established a feedback loop
- Produced based on an understanding of the requirements of the stakeholders and the consumer briefing
- Owned the entire product delivery and feature development process.
- Took over responsibilities from the back-end developer and began making contributions to back-end as well.
- Provided the developers with a crystal-clear, and actionable plans and requirements to work-on.

### SCHOOLLOG | SE1 - FRONTEND

Aug 2021 - January 2022 | Jaipur

- Implemented various features on the admin side of the LMS & ERP.
- Build new features for an ecommerce service project on the admin as well as the on the user side.
- Worked on the main schoollog website.
- Contributed to the website that Schoollog provides to institutes as their main website.
- Improved various features and did a lot of bug fixes.
- Helped Teammates with the resolutions if they get stuck anywhere

### CODEVIDHYA | SOFTWARE DEVELOPER

Oct 2020 - June 2021 | Jaipur

- Made UI Enhancements on B2B LMS.
- Worked on Establishing the workflow of B2C arm of the business.
- Wrote Several Python Scripts to automate the work of various Departments.
- Implemented the Refer and Earn program.
- Juggled Multiple roles.

## LANGUAGES

- English - Can read, write and speak
- Hindi - Can read, write and speak
- Punjabi - Can read, speak and understand
